PROFILE

Designer and creative director. More than 15 years across brand, web, UX/UI and video, in Australia and Argentina. Works hands-on from brief through design, build, shoot, edit and delivery. Has run a 9-person studio, led design on 25 to 50 public events a year at budgets to \$250,000, and spent five years developing designers at university level. Builds production tooling with agentic AI models.

EXPERIENCE

Creative Director · Independent practice

2020 – Present

Brisbane, QLD / Remote

- Directed and photographed the **City Renewal Authority's** Winter in the City campaign: **\$2.72M in local economic activity**, with 30,000 people at Glebe Park and 12,000 at Garema Place.
- Covered the Authority's award-winning Lunar New Year festival for four consecutive years: photography and video across the 12-hour event, visuals for the giant LED screens, months of social content beforehand, and live editing on site so finished imagery reached the Authority's channels the same day.
- Ships native macOS software through **The Pixel Forge** and builds generative design systems and production tooling with **Claude Code** and MCP.
- Designed the **National Triangle** identity for the **National Capital Authority**: logo, style guide, wayfinding, murals, merchandise and tourism film.
- Branded a **40-lot land development** in Beechford, Tasmania — **two lots sold in the first 24 hours** of launch. Identity, site map, promotional PDFs, social assets, video and photography.
- Designed a nine-part publication suite for the **National Science and Technology Council** with This is Creative, an Aboriginal-led agency: four case studies and five fact sheets on Aboriginal and Torres Strait Islander knowledge systems, each with an accessible text-only version and editable source.
- Produced and cut six episodes of **Pacific Wayfinder** for the **Pacific Security College** at the **Australian National University**, marking twenty years of the Regional Assistance Mission to Solomon Islands.

Assistant Director / Editor

Feb 2023 – Present

Crewcible · Canberra, ACT

- Planned, shot and cut the **ALTRAC / Sydney Light Rail** proposal film with CRE8IVE on a **two-day shoot**: co-wrote the script, ran the schedule with a team of four, and used realtime visualisation to camera-match 3D renders of the future line into the location footage.
- Shot on **The Day She Stole The Sun**, the studio's feature documentary on the Cobargo bushfires — camera operation and videography — since screened at film festivals.
- Wrote, storyboarded, shot, edited and finished client work end to end, coordinating talent throughout; redesigned the studio's website for its relaunch as a podcasting and recording facility. Still collaborating on documentary work today.

Creative Director

Apr 2021 – Jan 2023

Dionysus · Cultural activations and public events · Canberra, ACT

- Led design on **25 to 50 events and projects a year** at **\$10,000 to \$250,000** each, directly for the **ACT Government** (City Renewal Authority, Events ACT), **Molonglo** and the **University of Canberra**.
- Kept a 1976 institution with around **30,000 customers a week** trading through a two-year demolition and rebuild: ran communications for **Belconnen Fresh Food Markets'** 31 traders, managed the crisis between them and the site's ASX-

listed buyer, whose interests did not align, and created **the Belco Shed**, the interim identity that carried the market through.

- Held footfall with events and activations, door-to-door campaigns, social media, live radio from the site and **23 days of photography**; the market reopened as **Capital Food Market** in December 2023 with its long-standing traders intact.
- Shot photography and video across later editions of **LA FIESTA** — a multicultural festival drawing **7,000 people**, now an official ACT Government case study in precinct activation — and made the video and animation campaign that promoted it.

Senior Graphic Designer

Mar 2021 – May 2021

Cre8ive · Canberra, ACT

- Produced print and digital campaign collateral for Australian Government clients and Canberra businesses including **Tradies**, the **Suburban Land Agency** and **BAL Lawyers**.
- Still retained per project: branding systems for their clients, graphics tooling written for each job.

Senior Designer

Jan 2020 – Feb 2021

Added Value Enterprises · Content and design contractor to Australia Venue Co and ALH Group · Brisbane, QLD

- Produced digital content for **200+ venues** across **Australia Venue Co**, **ALH Group** and Hallmark Group — hundreds of animated video assets, and videos promoting venue renovations and featured events, concerts and campaigns, including Big Gay Day, which headlined a Spice Girl.
- Wrote and ran the COVID-19 rapid-response content strategy that let the business pivot through lockdown. Every key contract held; every venue stayed visible.

Lecturer

2019 – Jun 2020

Foundry · Creative industries school · Launceston and Hobart, Tasmania

- Taught photography, video production, design, podcasting and new media at Tasmania's dedicated school for the creative industries, which ran its design programmes in partnership with the **University of Tasmania**.

Creative Director

2015 – 2019

Zstudios · Design, events and branding studio · Tucumán, Argentina

- Rebranded the studio with its founder and repositioned it for larger clients. Ran the **9-person team: 100+ projects a year** across brand, graphic design, fabrication, event production and photography.
- Commissioned by the **Argentine National Government** to lead event design and visual production for the **Argentine Bicentenary**, a ten-day national festival attended by **200,000+ people**.
- Designed the participant experience across four editions of the **Climáctivo Forum**, Argentina's principal international climate event: spatial layout, wayfinding, credentials, merchandise, website and live coverage. **20,000+ attendees** in total.
- Produced, directed and edited cinema advertising for **Solar Shopping Mall**, the region's largest, shot with local models and talent.
- Delivered exhibition, brand, web, photography and video for the Ministry of Health, provincial governments and councils, and for **Sheraton, BMW, Ford, Michelin** and **Citroën**.

Art Director

2014 – 2016

Kipus · Communications and PR agency for Latin American technology startups · Buenos Aires, Argentina

- Owned the agency's visual identity and brand manual, and condensed current-events data into infographics for decision-makers: a newsletter delivered visually.

CAPABILITIES

- **Creative direction:** brand strategy, art direction, campaigns, events and placemaking
- **Team leadership:** mentoring, critique, budgets and stakeholder management
- **Graphic design:** identity, publications, print and digital
- **Web:** WordPress, Oxygen, HTML, CSS, JavaScript and Next.js
- **UX/UI:** Figma, Penpot, Pencil, design systems and accessibility
- **Video:** direction, camera, editing, colour grading and finishing
- **Post-production:** DaVinci Resolve, Premiere Pro and Final Cut Pro
- **Motion:** After Effects, Apple Motion and Blender
- **Adobe:** InDesign, Photoshop, Illustrator; Affinity suite
- **AI tooling:** agentic coding with Claude Code, image and video generation with frontier models, generative systems and workflow automation
- English / Spanish · native bilingual

EDUCATION & TEACHING
